

RAJA RUSTAM KENNEL

Introducing one of the finest greyhound kennels in the country, we take immense pleasure in presenting Raja Rustam Kennel. With a remarkable track record of dominating the country's box races for several years, consistently producing champion after champion, Raja Rustam Kennel has firmly established itself as one of the premier kennels in the nation.

Located in the beautiful city of Faisalabad, in the Punjab province of Pakistan, Raja Rustam Kennel was founded by a group of passionate friends, namely Raja Anwar (Ex MNA), Raja Rustam Ali, Rana Manzoor Ahmad, and Mirza Hafeez. These pioneers of greyhound racing shared an unbridled love for these magnificent dogs. Their dedication led them to import the finest greyhounds, breed exceptional dogs, and nurture them with unwavering commitment. The foundation of Raja Rustam Kennel was laid by these legends of the sport.

The success of the Raja Rustam Group today is not the result of one individual's efforts alone. It is a collective achievement that enjoys unwavering support from numerous friends and families across the country, who actively contribute to the group in their respective ways.

Operating for several decades, Raja Rustam Group has been importing top-quality greyhounds from renowned breeding centres in Ireland, England, and Australia. The group's entry into the spotlight came with the acquisition of Red Fox, a remarkable fawn/brindle son of Kinloch Brae and Taylor Jane, imported by Rana Abdul Khan from New South Wales, Australia. Red Fox was expertly bred, reared, and trained by one of the best trainers in Australia, Andy Lord and Jodie Lord, who were awarded Australian Trainer of the Year in 2022. Red Fox's lineage boasts exceptional champions from the Lords Kennels, such as She's a Pearl, Coast Model, Doonan, Cawbourne Magic, and Winlock, among others. Since joining Raja Rustam Kennel, Red Fox has consistently reached the finals of every championship he participated in, becoming the only dog in Pakistan to win consecutive derbies in his illustrious three-year racing career before retiring for stud duties. Red Fox's bloodline has made a significant impact on the greyhound breeding landscape in Pakistan, producing numerous champions from various litters. Some of the top performers from the Red Fox bloodline include Lahore Prince, Black Fox, Jack Fox, Foxy G, Major Fox, Fire Fox, and Kashish J, to name just a few.

The primary kennels of the Raja Rustam Group are situated at 272 JB Mazarra, Faisalabad, and are managed by Rana Abdul Khan and Raja Zameer. These purpose-built kennels feature state-of-the-art facilities, including air conditioning and air-cooling moisture-wicking technology to ensure optimal comfort for the dogs. With a capacity to house 15 racing dogs, the kennels also include a top-of-the-line whelping room, secure empty out yards, and a 350-yard straight training ground equipped with starting boxes and an automatic lure.
