

# Our Greyhound Racing Group,

## KASHMIR EVERSHINE GROUP,

takes pride in its extensive collection of over 40 greyhounds.

Our group consists of both country breeds and imported greyhounds, carefully selected from strong bloodlines.

To ensure their well-being, we provide our greyhounds with a healthy and balanced diet, tailored to their specific needs.

Our kennel and paddock facilities are designed to meet the highest standards, ensuring the comfort and safety of our greyhounds.

With our own training ground, we have created an ideal environment for their development and performance.

Our three kennels located in Mirza Attock, Islamabad, and Wah Cantt, Pakistan, serve as their homes.

Overall, our greyhounds' impressive performance in all types of races is a testament to their exceptional athleticism, innate abilities, and the rigorous training they undergo.

Whether it's dori track races, track derbies, or coursing races, our greyhounds consistently demonstrate their unmatched skill, making them a force to be reckoned with in the racing world.

we have expanded our participation to other countries as well, actively entering our highly trained greyhounds in various international competitions, showcasing their exceptional skills and racing prowess.

Recently, we had the honor of entering one of our remarkable greyhounds in the prestigious TRC Star Sports English Derby. This renowned event is widely recognized as a pinnacle of greyhound racing excellence, attracting top-tier competitors from around the globe.
